The D.G. says that if this is s^d no further Exp^re need be incurred on this account during the next four years. 21 It is desirable to have some reasonable basis on which the grants to these Hostels should be regulated. But to arrive at a to such a basis the present financial management of these institutions should be studied in some detail. It is from that fort bear the charges incurred on account of a warden watchmen & peons, & a part of the houserent + ~~1,000~~ portion of the charges for the estt.

22 Roughly speaking the fort grant per capita will have to be relatively larger in the case of a small hostel than in that of a big hostel. Perhaps a scale like the following may be adopted.

23 When the no. of boarders is less than 20 the grant maybe Rs 2 per head per month.

Keep for Secy's orders & An important principle is involved.

28 I am decisively opposed to Grants per capita. Any proposals are based on the principle that the expenditure incurred in providing accommodation maintaining the establishment used in the purchase of vessels and other articles which last a long time is to be borne by Govt. The differences in the amounts proposed by me for the different places mentioned are due to local circumstances. In some places house-rents are heavy and in others not. The charges for the establishment also vary according to local circumstances. I have tried my best to minimize the cost and to proceed upon certain definite principles

I am not sure however that the reasons which would justify the grant of special concessions to Hostels attached to High Schools and Colleges apply to Normal schools where the men to be trained are old enough to take care of themselves. There is of course room and ample advantages in providing facilities even to schoolmasters who come for training to obtain good accommodation at a reasonable rate and create a feeling of responsibility

Submitted to His Highness.

38 Education, and educational institutions having expanded considerably during recent years, the Inspector-ts' General of Education has proposed a general revision of grants to Students' Homes in the State. The proposal involves a total monthly expenditure of Rs.1085, or Rs.303 in excess of the present grant per mensem. The recommendations for grants, in respect of individual institutions, have been made so as to suit local circumstances. The Financial Secretary suggests that some definite principle or formula should be recognised for determining these grants. But the Inspector-General of Education says that it is not easy or possible to lay down any definite rules.

39 2. In the circumstances all the Members of Council are agreed as to the proposal of the Inspector-General being sanctioned, and I recommend that it may be accordingly be approved.

To

Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

I have the honour to state that the grants now being paid to the Students' Homes in the State were fixed many years ago, and education and educational institutions having expanded considerably during the intervening years. a thorough overhauling of these grants, especially the grants paid to the Hostels attached to the High Schools, has become necessary. Besides, the large number of teachers sent to the Training College at Mysore has created a necessity for opening a branch Hostel in a rented building and a recommendation is already before Government for a monthly grant of Rs.150/- to this institution. (Vide this office No.4675/204 dated 17th September 1914). Also each of the Normal Schools at Kolar, Tumkur and Shimoga needs a separate Hostel for the teachers sent there for training. The Head Master of the Channapatna High School has been repeatedly praying for a monthly grant to the Hostel attached to his High School. For the foregoing reasons, I be

to me! ...evision a list showing the grants of Hostels as it
by me, involving a total expenditure of Rs.1,055/- per mensem as
against a sum of Rs.752/- per mensem provided for these Hos
the current year's budget. Out of the additional expenditure of
Rs.303/- per mensem thus involved by the revision, provision for
meeting a sum of Rs.150/- per mensem being the additional grant
to the Training College Hostel at Mysore has been pointed out in
my letter No.4675/204 dated 17th September 1914. The balance of
Rs.153/- per mensem or Rs. 1836 per annum may be met from the savings
out of the lumpsum provision of Rs.84,000 in the current year's
budget for opening 1,000 aided schools.

I request that Government may be pleased to sanction these proposals very early. I may add that the Government of India have clearly enunciated in their Resolution on Indian Education Policy issued in 1913 that the Hostel system should be developed until there is adequate residential accommodation attached to the higher educational institutions in the country, and in pursuance of this policy the number of hostels started in recent years in the Madras and Bombay Presidencies has been increasing year after year. If the proposals that I have now submitted are sanctioned, the wants felt in this the direction mentioned will be mostly satisfied and for five years at least to come, there will be no demand for any extra expenditure

expenditure on the maintenance of hostels.

SIR,

With reference to your letter No.2488/Edn.33-14-42 dated 16th January 1915, enquiring whether the proposal sent by me for the revision of the grants of the Students' Homes in the State, does not require modification in the light of some observations made by you, I have the honour to state that the teachers sent for training to the Training College at Mysore as well as to the District Normal Schools are all men generally having families to maintain, besides maintaining themselves during the period of their training. Although higher pay has been sanctioned to the teachers of Village Elementary and Anglo-Vernacular Schools, teachers selected for training will be generall young men in the lower grades of the service and it has been found that they can only be expected to meet the cost of boarding and connected items, while the charge on account of the establishment and House Rent, which is not of a fixed nature, may be borne by Government. In recommending the grants, I fixed the amounts with due consideration to these points and I therefore request that Government may be pleased to sanction the grants at an early date.

READ—

Correspondence ending with letter No. 13575-601, dated 9th February 1915, from the Inspector-General of Education in Mysore, on the subject of revising the grants to Hostels attached to Colleges, High Schools and Normal Schools in the State.

No. 524-5—Edn. 33-14-89, dated 3rd August 1915.

Education and Educational Institutions having expanded considerably during the recent years, the Inspector-General of Education has proposed a general revision of grants to Students' Homes in the State. The proposal which involves a total monthly expenditure of Rs. 1,085, or Rs. 303 in excess of the present grant per mensem is sanctioned. The extra cost for the current year will be met by re-appropriation of sanctioned grants.

2. A list of Hostels showing the grants as revised is printed as an annexure.

D. M. NARASINGA RAO,
Secy. to Govt., Depts. of Edn. & Agri.

To —The Inspector-General of Education in Mysore.
